

Ihor Baierzdorf

IT Entry | Application Support | IT/User Support | Junior QA | Web Support

Breidertring 108, 63322 Rödermark | +49 160 2429229 | d.baierzdorf.ihor@gmail.com | LinkedIn | GitHub | Portfolio

PROFILE

IT-entry candidate with a ZAB-recognized higher education background assessed at Master level in computerized systems, automation and control. I combine analytical thinking, process responsibility and calm user communication with web development fundamentals. I am looking for a realistic qualified IT-entry role with structured onboarding, especially in support, QA or web-related environments.

RELEVANT TARGET ROLES

- Application Support / Software Support: tickets, error reports, user questions, documentation
- IT/User Support: structured problem analysis, user communication, digital work environments
- Junior QA / Software Testing: test cases, bug reports, web and API fundamentals
- Web/CMS Support or Trainee Frontend: refresh and grow HTML/CSS/JavaScript in practical work

TECHNICAL PROFILE

Frontend: HTML5, CSS3, responsive basics, BEM/SCSS, Figma, GitHub Pages

JavaScript: fundamentals: variables, functions, arrays/objects, DOM, events; currently refreshing

React: started: components, props/state, first work with modern React concepts

Support/QA: structured troubleshooting, clear documentation, bug reports, simple test cases

Tools: Git/GitHub, MS Office/Google Docs, learning platforms, digital documentation

PRACTICE PROJECTS

Filmoteka

Team Lead | JavaScript, SCSS, Parcel, REST API, Firebase | github.com/IhorBaer/team__three-project

- GoIT team project: movie search app with a personal movie library.
- Coordinated team workflow, supported GitHub collaboration, implementation and quality control.

IceCream

Team Lead | HTML, SCSS, JavaScript, Parcel | ihorbaer.github.io/team-project-demo/

- Responsive landing page based on a Figma design; team coordination and contribution to implementation quality.

React Image Finder / React Phonebook

React learning projects | React, JavaScript, API/localStorage

- First React projects with components, API requests, state handling, filtering and persistence.

EDUCATION, RECOGNITION & TRAINING

03/2025 | ZAB Credential Assessment, Germany

- Ukrainian higher education degree assessed as corresponding to a German higher education degree at Master level in combination with previous study.
- Field: computerized systems, automation and control; supporting documents available.

09/2002 - 08/2007 | Eastern Ukrainian National University, Ukraine | Diploma degree with distinction

- Focus areas: technical systems, automation, control and computerized systems.

09/2021 - 02/2022 | GoIT Global - Full Stack Web Development, online | interrupted by the beginning of the war

- Studied HTML, CSS, JavaScript, Git/GitHub and Figma; React started. Currently refreshing and deepening the material.

PROFESSIONAL EXPERIENCE

Current | School Companion / Schulbegleiter, Germany

- Support in everyday school life; reliable communication with pupils, teachers and parents.
- IT-relevant strengths: clear documentation, calm situation analysis, structured support and de-escalation.

04/2017 - 02/2022 | Head of Sales - 2Bgroup, Kyiv, Ukraine

- Organized daily workflows, customer support, consulting and conflict resolution in a dynamic environment.
- Team leadership and interface work between production, customers and internal processes.
- Transferable IT relevance: service orientation, prioritization, process thinking and clear communication.

01/2014 - 03/2017 | Founder & Operational Manager - LonePineUkraine, furniture production

- Built and operated a small production business with responsibility for planning, quality and customer communication.
- Independent problem solving, employee coordination and pragmatic process improvement.

ADDITIONAL QUALIFICATION, LANGUAGES & WORK STYLE

09/2025 - 12/2025: Chance Schulbegleiter*in, KIZ Prowina GmbH, Offenbach am Main | 350 teaching units, certificate

German: B1 certificate; daily professional use in Germany

Ukrainian / Russian: native

English: basic; improving for IT documentation

Work style: analytical, fast-learning, calm in communication, reliable in execution, strong in documentation and responsibility
